ENTRY-LEVEL X-STAND

The Entry-Level X-Stand certainly makes a statement with its striking good looks and lightweight framework. The X-Stand is so incredibly light that you can take it anywhere with you. It also packs away into a compact little bag, so you'll hardly notice when you carry it.

The graphic banner has eyelets in each corner that simply clip onto the framework so setup and graphic changeover is a real breeze. The X-Stand is perfect for product launches and short events.
